

Bumper Vehicle Check It's that simple!

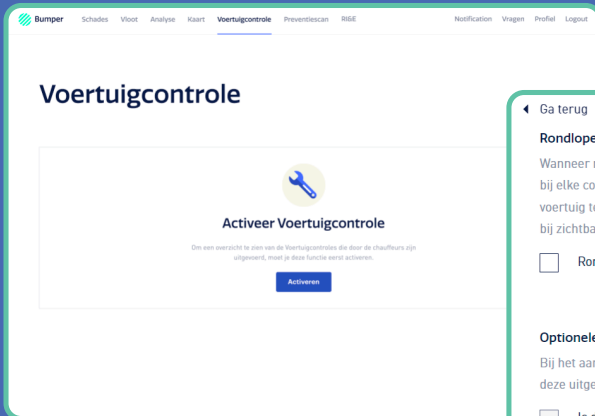

As a fleet manager, Vehicle Control on your Bumper Dashboard gives you full control over the safety of your fleet. So you can quickly keep track of damage, avoid downtime, unsafe situations and unnecessary costs. It's as easy as it sounds.

Go to bumper.nl/voertuigcontrole

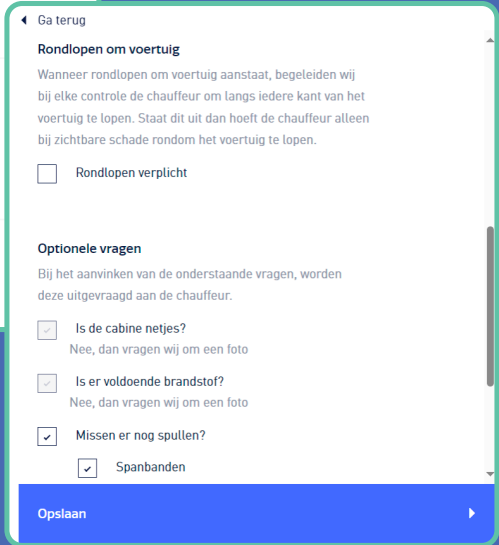

Bumper

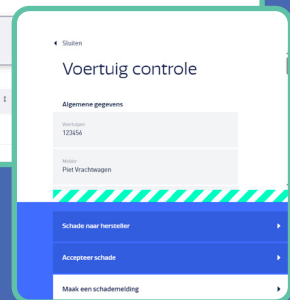

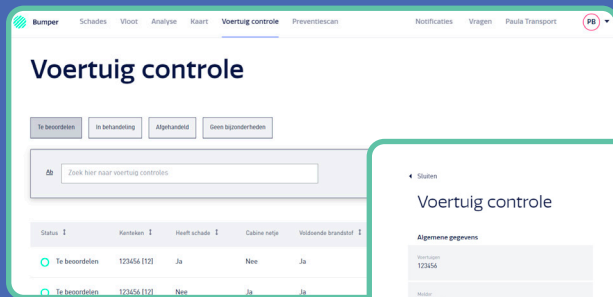

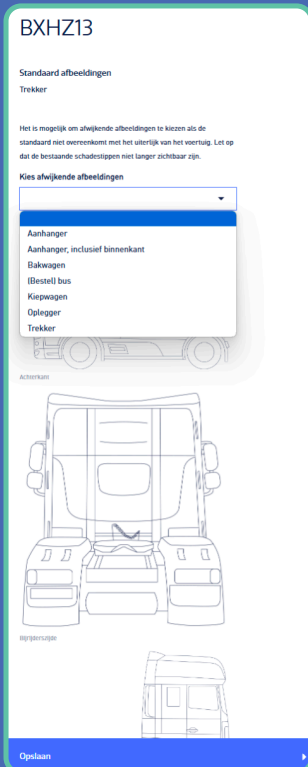

1 Activate Vehicle Control in Bumper

Vehicle control is already ready in your personal Bumper dashboard. Add fleet and driver information and tick your preferences.

2 Choose the type of vehicle per registration number

Easily change the image if the default image does not fit the chosen vehicle

3 Everything under control in your dashboard

Assess all vehicle checks done by drivers and immediately report any detected damage to the insurer or repairer.
